PROFESSIONAL SUMMARY

QA Engineer with a solid foundation in software testing and hands-on experience in test case design, test plan creation, manual testing (Functional, Regression, Smoke, UAT, Exploratory), API testing with Postman, and professional defect reporting. Demonstrated ability to establish QA processes from scratch, manage the complete defect lifecycle, and ensure comprehensive system quality prior to go-live. Seeking to contribute to a professional QA/QC team, elevate product quality standards, and deliver the best possible experience to end users.

WORK EXPERIENCE

QA Tester | Sabo Game

01/2026 – Present

- Designed and executed test cases for core game features: character systems, maps, NPCs, in-game events, and activities.
- Built and ran Smoke Testing for each new build to verify stability of primary features.
- Conducted Functional Testing, Exploratory Testing, and Regression Testing to uncover bugs and latent defects.
- Identified, analyzed, and reported bugs with full detail: steps to reproduce, expected/actual results, severity, and priority.
- Collaborated with developers to validate reported bugs, performed re-testing and verification after fixes.
- Detected gameplay logic defects: incorrect event conditions, system errors, and UI inconsistencies.

Tools: Lark (bug tracking) • Excel / Google Sheets • Manual Testing

QA Tester / Software Deployment | VIMASS

08/2025 – 01/2026

- Performed Functional Testing, Usability Testing, and User Acceptance Testing (UAT) for enterprise software systems.
- Executed API testing with Postman: validated request/response payloads, status codes, authentication flows, and error handling.
- Logged, categorized, and reported defects in detail; conducted re-testing and Regression Testing post-fix.
- Collaborated closely with the development team to ensure system quality before go-live deployment.
- Gathered user feedback to drive product improvement; produced quality progress reports.

Tools: Postman • Excel / Google Sheets • UAT Documentation • Bug Report

TECHNICAL SKILLS

Testing Types	Functional, Regression, Smoke, Sanity, Exploratory, UAT, UI/UX Testing
Test Techniques	Test Case Design, Boundary Value Analysis, Equivalence Partitioning, Logic Testing
API Testing	Postman – REST API validation, request/response inspection, auth flows, status codes, performance
Defect Management	Steps to Reproduce, Severity/Priority Classification, Re-test & Verify
QA Tools	Jira, Lark, Chrome/Firefox DevTools, Cross-browser Testing, Postman
QA Documentation	Test Plan, Test Case, Bug Report, Test Summary Report, UAT Document
Database	SQL Server, MySQL, SQL Queries, Database Testing, Data Validation
Performance & Env.	Load Testing, Performance Testing, Cross-browser Testing, Mobile Testing, DevTools

NOTABLE PROJECTS

Project	Testing Scope	Tools & Environment
Okean Mobile – E-Commerce Platform	AI recommendations, search/filter, cart, VNPay payment, API integration, user flows	Postman, Jira, DevTools, Manual Testing
AI-Powered CV Analysis System	AI accuracy, CV processing, UI features, error handling, API testing (Postman)	Postman, SQL Server, DevTools, Manual Testing
OkeanChat – Real-time Chat & Video	Messaging, friend management, P2P & group video calls, connection stability	Manual Testing, WebRTC testing, DevTools, Jira
Student Management System	Data integrity, role-based access (Student/Teacher/Admin), course enrollment	SQL Query, Manual Testing, Excel, Bug Report

EDUCATION & PROFESSIONAL CERTIFICATIONS

Bachelor of Software Engineering BTEC FPT British College • 03/2023 – 08/2025 Academic Achievement Award – Fall 2024 (Computing) ISTQB® Certified Tester – Foundation Level Issued by International Software Testing Qualifications Board Udemy • 01/2026 ID: UC-5b679ca1 Google Project Management Professional Issued by Google via Coursera • 03/2026 ID: R5B4L0UEXRY	Google AI Essentials Issued by Google via Coursera • 01/2026 ID: L28CCX2AYDJW Google Prompting Essentials Issued by Google via Coursera • 03/2026 ID: DNWZJ58AEQ4Y PMI Essentials: Seven AI Project Patterns Issued by Project Management Institute • 03/2026 ID: bae4fe5b-2988-47f5-b018-39ba551566cc PMI Essentials M.O.R.E. Maximizing Project Success Issued by Project Management Institute • 04/2026 ID: 6f52e04a-04b4-4b65-8d68-e7693b5083c7
